Dear Donors,

As the Coronavirus starts to reach the African continent, many are unsure of the scale and impact the virus will have in the region. In particular, for countries like Malawi which is one of the poorest countries and has one of the poorest health service.

As the lock down continues MRF have continued with much needed relief work in Malawi, setting up new ways of working to satisfy both the Government and Ministry of Disaster guidelines.

With Allah's SWT blessings the distribution of food packs has commenced, and we hope thousands of families will be provided with food during the blessed month.
